YHB Announces Headquarters Relocation to New Facility in Winchester, VA

Winchester, VA – (March 25, 2024) YHB, a Top 100 accounting firm, is excited to announce its upcoming relocation to a new, modern facility in Winchester, Virginia, slated for late Fall 2024. This move marks a significant milestone in YHB's history, reflecting over seventy-five years of sustained growth and success within the community and beyond.

Since its establishment, YHB has called Winchester home, with its two offices being a central hub for the firm's operations and growth. The current locations have been instrumental in YHB's expansion from a local accounting firm to a distinguished national organization. To accommodate ongoing expansion and to better serve the evolving needs of its team and clients, YHB has decided to move beyond the capacity of its two existing buildings in downtown Winchester. This move also allows the Firm to reunite the entire Winchester team under one roof for the first time in nearly two decades.

The new YHB headquarters will be at 160 Exeter Drive, Suite 200, Winchester, VA, 22603, less than 3 miles from the current offices. The Firm will occupy the second and third floors of the building. During the next several months those floors will undergo a complete renovation with state-of-the-art technology and modern designs. The space will also enhance accessibility and provide superior amenities for both staff and clients.

"We are deeply committed to ensuring a seamless transition to our new office," stated YHB CEO, Thomas Milburn. "We are excited for what this new space will bring to YHB and the communities we serve. Winchester is our home, and we are looking forward to bringing expanded opportunities to the area."

YHB will continue to operate from its current address at 50 South Cameron St. until the move is complete. The Firm will keep stakeholders informed and engaged throughout the transition process. As YHB embarks on this new chapter, it reaffirms its commitment to providing exceptional service and looks forward to welcoming clients and team members to its new headquarters at the end of this year.
